ALKALINE FILTER

Alkaline Filter / Quick-Change Filter
The PurePro® alkaline filter give the water pH value
of 8.00~9.50

Quick-change RO system appoints the below high quality cartridge filters:

We are one of the few manufacturers who still insist on using only FDA/NSF certified filters. Quick-change cartridge design makes filter changes fast, clean and easy. No tools required for replacements.

RS300PH

The Alkaline filter changes your water into a perfect natural alkaline ionized water. The Alkaline filter simply gives back minerals such as ionized calcium, magnesium, sodium, potassium ion, which were taken away while purifying the water.

Maximum Flow : 0.75GPM

Maximum Pressure:125PSI

Maximum Temperature:100°F

Service Life: 1500GAL / 6 months
